

Mining Excavator

EX1200-7B

HITACHI

Reliable Solutions

LANDCROS

ENGINEERED WITH EXCELLENCE MANUFACTURED FOR PRECISION

Now Available in North America

PERFECT FOR

Mass Excavation

Aggregate & Quarry

Industrial &
Specialty Materials

Materials Handling

Demolition

The **EX1200-7B, T4F** hydraulic excavator brings mining-grade durability to the most rugged job sites in the world.

This 120-ton class hydraulic excavator has a bucket capacity of up to 13 yd³ (10 m³), and can be configured in Face Shovel, Backhoe Standard, Bulk Excavation (BE) or with a Long Reach Boom.

It is engineered to take on demolition, dredging, materials handling, and other specialized applications with ease.

COMFORT & INNOVATION BACKED BY A 75 YEAR HISTORY

DURABLE BY DESIGN

Longer Life Span

Precision manufactured to outperform expectations with proper genuine maintenance.

STREAMLINED MAINTENANCE

Reminders and Easy Access

Cab monitor shows maintenance schedules and sends reminders. Maintenance bay is thoughtfully arranged for easy access.

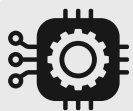

SUPPORTED POWER LIFT

Power Where it Counts

An automatic pressure boost improves boom lifting, giving heavy loads controlled, seamless movements.

OPTIONS THAT ELEVATE AERIAL ANGLE

A 270° wide angle monitoring camera system to see all sides on the job.

Communication Enabled

GPRS and satellite data transmitting systems available for remote regions with limited access.

DESIGNED TO DIG

Strength to Rely On

Engineered for increased breaking force to tackle tough ground conditions with ease.

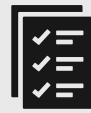

ADVANCED HYDRAULIC TECHNOLOGY

Faster Load Cycle

The HIOS IIIB hydraulic system increases the speed of the boom, arm, and bucket movements, increasing production.

HIGHER FUEL CAPACITY

Increased Efficiency

Get 4% more, 6% lower fuel use, and 11% better fuel efficiency with reduced CO2 emissions.*

*When compared to EX1200-6.

COMFORTABLE & ERGONOMIC

Thoughtful Cab Design

A carefully designed cabin offers operators air-ride seats and easy access to controls in an airtight, temperature controlled environment.

*Face Shovel

*Backhoe
